

THE DIRECTORY

A directory of manufacturing,
logistics and business service companies
in the City of Cornwall

The Directory

The City of Cornwall has a long and proud tradition as a business center in Eastern Ontario. Ideally located in Canada's busiest traffic corridor, Cornwall has proven to be a strategic location for a variety of firms servicing both domestic and international markets.

Over the last decade Cornwall has witnessed a significant diversification of the local economy. High growth business sectors such as electronics, plastics and logistics are represented in the Cornwall Business Park, and local firms in more traditional sectors have increased their ability to compete in global markets.

The following pages provide an overview of local manufacturers as well as selected business service companies located in and around Cornwall. The information on each firm has been supplied by the company itself.

This Directory is not meant to be a comprehensive listing of all businesses operating in Cornwall. Accordingly, companies in other sectors, including retail, accommodations, and professional services, are not listed here. A good source of additional information on local companies is the *Cornwall and Area Chamber of Commerce Directory*. You can view the Chamber Directory online at **CornwallChamber.com**.

Should you have any questions concerning this document, please contact Cornwall Economic Development at (613) 933-0074.

Other Business Directories in the Cornwall Area

Chamber Membership Directory

The Cornwall and Area Chamber of Commerce maintains an online directory of over 600 businesses in the region. The directory is available on the Chamber's web site, offering detailed information on each Chamber member, including products and services. You can access the online directory here:

www.cornwallchamber.com

Detailed Information on Cornwall and its Economy

Learning more about the companies that call Cornwall home is an effective strategy when it comes to understanding the local economy. Luckily that information is readily available online at ChooseCornwall.ca.

Business News

Over 200 stories are published each year detailing positive developments with local companies and organizations. The **News** section is a great way to see which companies are expanding and investing in new technologies.

Year in Review Reports

Each year, Cornwall Economic Development takes the year's top business stories and compiles them in one summary report called the "Year in Review". This report typically includes information on all sectors – including industrial, commercial, residential, and institutional. Year in Review Reports for the past several years are available in the **Resources** section.

Employment Opportunities

Cornwall Economic Development collects links to recent job postings from Cornwall employers and publishes them on the **Work in Cornwall** section of ChooseCornwall.ca. The site also includes links to local organizations that also maintain employment listings and/or provide support to job seekers.

Other Information and Resources

Detailed information on living and doing business can also be found on ChooseCornwall.ca in two sections respectively called **Business in Cornwall** and **Live in Cornwall**. The site also provides access to a wide variety of maps, brochures and other documents that can be downloaded without charge from the **Resources** Section.

Social Media

You can also keep connected to Cornwall business news on the most popular social media networks, such as Facebook, Twitter, and LinkedIn - just search for "Choose Cornwall".

CHOOSE CORNWALL

If you are looking to invest, take a closer look at Cornwall.

With affordable electrical rates, low cost real estate and a welcoming business community, Cornwall gives you the best possible chance to succeed.

Learn more about development opportunities by contacting Cornwall Economic Development. Visit us online for current business news, available real estate and local job postings.
