

THE DIRECTORY

A directory of manufacturing,
logistics and business service companies
in the City of Cornwall

The Directory

The City of Cornwall has a long and proud tradition as a business centre in Eastern Ontario. Ideally located in Canada's busiest traffic corridor, Cornwall has proven to be a strategic location for a variety of firms servicing both domestic and international markets.

Over the last decade Cornwall has witnessed a significant diversification of the local economy. High growth business sectors such as electronics, plastics and logistics are represented in the Cornwall Business Park, and local firms in more traditional sectors have increased their ability to compete in global markets.

The following pages provide an overview of local manufacturers as well as selected business service companies located in and around Cornwall. The information on each firm has been supplied by the company itself.

This Directory is not meant to be a comprehensive listing of all businesses operating in Cornwall. Accordingly, companies in other sectors, including retail, accommodations, and professional services, are not listed here. A good source of additional information on local companies is the *Cornwall and Area Chamber of Commerce Directory*. You can view the Chamber Directory online at **CornwallChamber.com**.

Should you have any questions concerning this document, please contact Cornwall Economic Development at (613) 933-0074.

Other Business Directories in the Cornwall Area

Chamber Membership Directory

The Cornwall and Area Chamber of Commerce maintains an online directory of over 600 businesses in the region. The directory is available on the Chamber's web site, offering detailed information on each Chamber member, including products and services. You can access the online directory here:

www.cornwallchamber.com

The Chamber also publishes the directory in book form. The 138 page Directory also includes a 6 page introduction to Cornwall and the local economy that has been prepared by Cornwall Economic Development. The Directory is available for \$20 at the Chamber office at 113 Second Street East in Downtown Cornwall.

Team Cornwall Membership Directory

Team Cornwall members act as ambassadors in helping spread the word about the considerable advantages of living and doing business in Cornwall Ontario, Canada. Over 400 business leaders have joined as active members and are profiled on the Team Cornwall website. You can access the online directory here:

www.TeamCornwall.com

Detailed Information on Cornwall and its Economy

Learning more about the companies that call Cornwall home is an effective strategy when it comes to understanding the local economy. Luckily that information is readily available online at ChooseCornwall.ca.

Business News

Over 200 stories are published each year detailing positive developments with local companies and organizations. The **News** section is a great way to see which companies are expanding and investing in new technologies.

Year in Review Reports

Each year, Cornwall Economic Development takes the the year's top business stories and compiles them in one summary report called the "Year in Review". This report typically includes information on all sectors – including industrial, commercial, residential and institutional. Year in Reports for the past several years available in the **Resources** section.

Employment Opportunities

Cornwall Economic Development collects links to recent job postings from Cornwall employers and publishes them on the **Work in Cornwall** section of ChooseCornwall.ca. The site also includes links to local organizations that also maintain employment listings and/or provide support to job seekers.

Other Information and Resources

Detailed information on living and doing business can also be found on ChooseCornwall.ca in two sections respectively called **Business in Cornwall** and **Live in Cornwall**. The site also provides access to wide variety of maps, brochures and other documents that can be downloaded without charge from the **Resources** Section.

Social Media

You can also keep connected to Cornwall business news on the most popular social media networks, such as Facebook, Twitter and LinkedIn - just search for "Choose Cornwall".
