Assembler

Join Pulsar Measurement working on a Global team that is shaping the future of level and flow instrumentation.

Your role

The Assembler works within the Transducer Dept in an integral role, ensuring quality assurance and accurate assembly of various transducer models. Your role includes a range of different tasks including hand soldering, mechanical assembly, gluing, potting, and testing.

Our Business

This is an exciting time to join Pulsar Measurement and the wider TASI Group. Pulsar Measurement has built an enviable reputation based on our customer centric ethos, which means Pulsar Measurement continues to attract a growing global customer presence. Pulsar Measurement has built up a well-respected brand within the Americas Water and Industrial sectors strengthened by the amalgamation of Greyline Instruments Inc. Combined with future new developments the product portfolio has now expanded to cover many solutions for level and flow applications.

Join us on this exciting journey.

Pulsar Measurement is a trading name of Greyline Instruments Inc.

Your responsibilities

- Hand soldering SMT parts.
- Assembly of various parts using glues and epoxy compounds.
- Perform automated tests using oscilloscope, multimeter, and other test equipment.
- Maintain high quality practices while working under pressure.
- Assist with inventory counts.
- Willingness to occasionally work overtime.
- Other Duties as required.

Your background

- Experience with soldering small parts.
- Organized and strict attention to detail.
- Follow written instructions.
- Maintain a high standard of producing quality work.
- The ability to work as a team player.
- Flexible and willing to cross train in other areas of Production.

Our Pledge

We recognize that an inclusive and diverse workplace where all employees feel respected, valued, and able to achieve their full potential is vitally important. Not only does it inspire creativity and collaboration, it is good for business. We celebrate our differences and believe our diverse skills, abilities and perspectives strengthen our culture and our overall performance.
