The authority responsible for fuel tanks sent us the letter attached. It found no records for the site, but its records are not necessarily complete.

This addendum forms part of the Phase I and must be read as part of that report.

Regards

Egmond Associates Ltd

Dear Sir:

RE: 1500 Industrial Park Drive, Cornwall, Ontario – Your Project No: 30574

This is with reference to your request and fee of \$50.00 + HST, for information on the above location.

After a search of our files, TSSA has no record of any outstanding instructions, incident reports, fuel oil spills, or contamination records respecting the above-mentioned property.

We have no record of retail facilities or underground storage tanks licensed or registered at the above address.

TSSA cannot guarantee having information on sites that have not been licensed since 1987.

It should be noted that the Fuels Safety Division did not register private fuel underground/aboveground storage tanks prior to January of 1990 or furnace oil tanks prior to May 1, 2002. Also note that the Fuels Safety Division does not register waste oil tanks in apartments, office buildings, residences etc. or ABOVEGROUND gas or diesel tanks.

Yours truly,

A handwritten signature in black ink, appearing to read 'CPH'.
