

## Overnight Sanitation Worker

*Clean International Inc.* is a family business with more than 30 years of experience in the sanitation industry. Constantly expanding, Clean international now has over 800 employees in Canada.

Clean International is a subcontracted company that specialized in the sanitization of food processing plants.

### Why work for Clean International?

- Our goal is to achieve perfection when cleaning because of the high standards in food processing. Without our employees, this job would not be possible. This is why we commit to showing appreciation to our employees.
- Newly available transportation from your Cornwall address to work nightly at cost!
- We also hire from Ottawa, Limoges, Embrun, Casselman, and towns in North and South Dundas! Transport is available along this route. Cornwall pick-up is at East Court Mall!
- **The temporary** premium for the Friday-Sunday full-time schedule

### What does a specialized factory cleaner do?

- Clean and sanitize the plant nightly for the food security of the meat;
- Work with industrial cleaning chemicals and sanitizers to clean all the machines that were used for production;
- Disassemble certain parts of the machines to clean them up and reassemble them afterward;
- Clean all the trash cans of the plant;
- Work hard in a team to ensure that the plant will be delivered on time.

### Schedules

- Monday to Friday from midnight to 7h AM, part and full time

### Pay

- \$20.50/hour to start

### We are looking for:

- Prior food plant sanitation and/or janitorial experience is an asset. Other helpful backgrounds include pressure washers, painters, roofers, and construction workers;

- Ability to work in a moderate to cold environment (4-6 degrees celsius);
- Ability to work in a routine-focused environment and complete labour-intensive work;
- Being comfortable with a night job;
- Being a team player;
- Being able to talk English and/or french\*\*
- No diploma or training is required for this position - training is given on-site by the foreman \*\*
