STRUCTURAL PAINTER/MATERIAL HANDLER - WP

Company: Olsonfab Metal Fabrication

Position: Material Handler

Employment: Full Time

Ever since 1998 Olsonfab Metal Fabrication Ltd. has been a top choice for custom metal fabrication, heavy plate, structural & misc. steel, pressure vessels, tanks, welding, enclosures, metal services and so on for the commercial and industrial sector. We are seeking a self-motivated individual to join our team as a Structural Painter/Material Handler.

Key Responsibilities include:

- Operate machinery such as forklifts, combi lift and overhead cranes
- Prepare steel for application of paint and/or protective coatings
- Paint and coat industrial metal parts with spray gun
- Paint and inspect products according to drawings and production schedule
- Loading and unloading steel from to and from paint bay and loading onto flat bed trailers for delivery
- Safe handling and storing of materials

Skills & Qualification:

- Forklift operating experience
- Experience loading and unloading trucks
- Knowledge and experience working in shop fabrication/industrial environments
- Ability to meet the physical demands of heavy lifting, climbing, bending, and working at heights
- Organized, self motivated and able to work independently
- Structural/Industrial painting experience is an asset

Why join Olsonfab Metal Fabrication?

- Competitive pay and compensation
- Pension plan and benefits
- Paid vacation
- Boot & Tool Allowance
- Education reimbursement
- Career advancement opportunities
