Job Ref: **None** -

Production Worker

Join Pulsar Measurement working on a Global team that is shaping the future of level and flow instrumentation.

Your role

Working as part of a team in an electronics-based production facility. Various tasks include using PC software to program and test printed circuit boards, prepping cables, mechanical assembly of parts into finished product, using various tools and equipment to create subassemblies used in electronic controllers, using soldering irons for modifications and repair of various parts.

Our Business

This is an exciting time to join Pulsar Measurement and the wider TASI Group. Pulsar Measurement has built an enviable reputation based on our customer centric ethos, which means Pulsar Measurement continues to attract a growing global customer presence.

Pulsar Measurement has built up a well-respected brand within the Americas Water and Industrial sectors strengthened by the amalgamation of Greyline Instruments Inc. Combined with future new developments the product portfolio has now expanded to cover many solutions for level and flow applications.

Join us on this exciting journey.

Your responsibilities

- Work with team in various cells of Production floor as determined.
- Perform tasks to meet high standards of quality assurance.
- Display ability to work in a fast-paced environment.
- Willingness to work as a Team player in all areas.
- Use soldering skills and microscopic soldering.
- Other tasks as determined.

Your background

- Experience working in an electronics manufacturing facility an asset.
- Familiarity and experience with various tools such as rivet gun, drill press, crimpers, soldering irons, etc.
- Soldering skills is an asset including microscopic soldering
- Excellent organizational skills.
- Recognizes importance of quality assurance.

Our Pledge

We recognize that an inclusive and diverse workplace where all employees feel respected, valued, and able to achieve their full potential is vitally important. Not only does it inspire creativity and collaboration, it is good for business. We celebrate our differences and believe our diverse skills, abilities and perspectives strengthen our culture and our overall performance.
